

A message for the residents in Pathology

Chairpersons of the University Departments of Pathology of Alexandroupolis and Ioannina Medical School, Greece

Assoc. Prof. Thaimis Sivridis and Prof. Niki J. Agnantis respectively, with the collaboration of Prof. Sir Colin Berry (U.K.) and Prof. James Underwood (U.K.) organize post-graduate courses on a 3 year basis. The courses will be held in "St. Ioannis Theologos Monastery Congress Center" Aetochori, Alexandroupolis 68100, Thrace, Greece, mid September every year and will last 3 and a half days. The first part is addressed to beginners in pathology (up to one year and a half experience). The second part is suitable to intermediate stage residents (up to two years and a half experience). Finally, at the third part only five year residents in pathology will be accepted. In each course "hot topics" according to the level of the participants, will be discussed. The official language will be English. A limited number of participants will be accepted (no more than 35) on a first come, first served basis. Tutors and participants will be offered free accommodation by the Monastery. Thus, all being together, we will have the opportunity for further discussions outside the teaching hours.

The registration fees have been arranged at the lowest possible rate of 125 USD until May 1st 1998 and after this date they will increase up to 150 USD. The participation fees to the course include all day meals and sightseeing of the beautiful region of Greece. Each application form should include a short CV of the participant and a recommendation letter from his or her Director.

For further information please contact assoc. Prof. Sivridis: tel 0551 - 22 2 12 and 0551 - 37 833 (+FAX).
